

A network diagram is overlaid on the dark green background. It features several circular nodes of varying sizes, some containing the Oxera logo. These nodes are interconnected by thin pink lines. In the background, there are faint, concentric circles around some of the nodes, suggesting signal waves or a network structure.

What difference will **you** make?

Working at Oxera gives you the opportunity to apply your knowledge and experience to real-world problems. Our colleagues represent a wide range of nationalities. Between us we speak 30 different languages and work from 6 countries across Europe.

Driven by curiosity,
integrity and a
passion for making
a difference.

At Oxera, we use economics and finance with impact, to inspire better decisions by businesses and policymakers, and to improve outcomes for society.

Our work covers a wide range of sectors and expertise, from digital and transport, to behavioural economics, sustainability and climate change.
